Editing your Church Leadership List:

We recommend working your way from top to bottom on the list, to help you keep track of your progress.

The Local Church Leadership website may be used to add leaders to your church's roster, replace leaders, enter the end of a leader's term with a Stop Date, or edit a leader's contact information. All functions follow a similar sequence of steps, except for editing a person's first and last name. See the special section below regarding the editing of a person's name.

General Instructions:

1. **Data Entry Protocol:** Do not use all caps to enter data.
2. **Contacts:** Please list only one contact person, such as the chair or other person in charge of the ministry area. There are a few cases when more than one person should be listed. For example; a church with more than one pastor will have more than one lay member to annual conference. A church may also have more than one reserve member to annual conference.
3. **Required Contacts:** **The following leadership positions are required:**
 1. Church Council Chair
 2. Finance Committee Chair
 3. Financial Secretary
 4. Lay Leader
 5. Lay Member(s) to Annual Conference for the Charge
 6. Pastor Parish Relations Chairperson for the Charge
 7. Recording Secretary
 8. Treasurer
 9. Trustees Chair

These positions are listed first and noted with asterisks in the database.

PLEASE MAKE CERTAIN THERE IS THE FOLLOWING INFORMATION ON THESE INDIVIDUALS: TELEPHONE NUMBER(S), EMAIL ADDRESS(ES) and US MAIL ADDRESS(ES).

4. **Using Stop Dates:** A Stop Date removes an individual from a leadership position on the date set, preventing them from getting future district or conference mailings regarding that position. The historical information on that person remains in the database. The Stop Date does not remove the individual from the database. All Stop Dates should be entered as 12/31 of the current year if the person will be rotating off in December. If a person is rotating off mid-year or an interim change, use the date the person is leaving the position. If a person is NOT rotating off and will continue the position the next year, leave the stop date blank. It is important that stop dates be entered for all individuals leaving a position.

To enter a Stop Date of December 31, click the “stop sign” icon to the right of the calendar button. To clear a Stop Date that is already entered, click that same button.

Stop Date Button:

*When blank, click the stop sign to add a 12/31 Stop Date.
When filled, click the stop sign to clear the Stop Date*

5. If you enter a person into a position by mistake, set the Stop Date field to the same date as the Start Date. Do not remove them from the database list.

To change a Stop Date, click in the Stop Date field or click the calendar icon located to the side. You can scroll through the calendar months by clicking the arrows located at the top of the calendar. Select the appropriate Stop Date from the calendar. Click the [Save] button to SAVE the information.

Be sure that you select the correct Start Date for this person in this position but DO NOT enter a Stop Date. The Start Date for a new leader will default to the first of January of the coming year. Either option you select, then refer to step 2 a. then 2 a. i. if the person is listed or 2 a. ii. If the person is not listed.

If you select “replace the person in this position,” this will automatically put a stop date on the current person the day before the start date of the new person.

Continue to edit your leadership list, adding, editing, and stopping leaders as needed. Again, we recommend working your way through the report that you print in the beginning as a guide.

TIP: If you need to set the end of a person's term in a position, but do not yet have a replacement person, select the position then the pencil icon in the top right to edit the current leaders' information and add a Stop Date to the person's leadership record.

PRINT A NEW REPORT

When your list is complete, print a new copy of your leadership report for your use. This time select the option to “Print report as of 01/01/2020”.

When you are done, click the menu button to log out. If you have another church's list to edit, log back in using that church's account information and begin the process again.
